Team lead Hybrid Remote Full-time

PROFILE

Software Team Leader and Senior Software Engineer with **9+ years** building **fintech, e-government, e-banking and enterprise** systems. I lead a team at **AZM FinTech** (Saudi Azm group), owning delivery from architecture and task breakdown to code review and release. I am **full stack: .NET / C# and ASP.NET** services and APIs, with **Angular and React** front ends. My career spans Kuwait, Jordan and Gulf government projects, and I care about clean design, mentoring and predictable releases.

CORE SKILLS

Leadership

Team leadership, task planning and estimation, code review, mentoring, Agile / Scrum

Back end

.NET, C#, ASP.NET, Web API / REST, SQL databases, software design

Front end

Angular, React, TypeScript, JavaScript, HTML5, CSS3

Domains

Fintech marketplaces, e-government services, e-banking, e-commerce

Delivery

Requirements to release, hybrid and remote teams, stakeholder communication

Tools

Git, Jira, Visual Studio, VS Code

EXPERIENCE

Software Team Leader · Senior Software Engineer · AZM FinTech

Feb 2023 – Present · Jordan · Hybrid

The fintech arm of the Saudi Azm group, behind a Financial Services Marketplace that connects users with banks and lenders digitally.

- **Lead a software team:** sprint planning, task breakdown, estimation, code reviews and mentoring.
- Design and build **.NET services and APIs** with **Angular and React** front ends for fintech products.
- Joined as **Senior Software Engineer** and grew into the **Team Leader** role.

.NET C# Angular React Leadership

Senior Software Engineer · Tahaluf Al Emarat Technical Solutions

May 2022 – Feb 2023 · Jordan · Hybrid

A UAE digital-transformation company delivering enterprise systems, AI and workflow automation to government and enterprise.

- Senior engineering on enterprise and workflow-automation solutions with **Angular** front ends.

Senior Software Engineer · Tech Process Solutions

Sep 2019 – Jun 2022 · Jordan · Hybrid

An Amman IT company (founded 2009) specialised in e-services, e-government and e-banking solutions for the Gulf.

- Built **ASP.NET** e-services and customised web applications for **government clients in the Gulf**.
- Worked across e-government and e-banking projects from requirements to production.

Web Developer · Arabesque

Jul 2017 – Aug 2019 · Kuwait · On-site

A Kuwaiti IT company founded in 1993 and a Microsoft Gold Partner, delivering web and e-commerce solutions.

- Developed websites, web applications and e-commerce solutions for clients in Kuwait.

Web Developer · Dare Academy

Dec 2016 – May 2017

- First professional role: built and maintained web pages and features.

EDUCATION

B.Eng. Computer Engineering · Yarmouk University

2010 – 2015

LANGUAGES

Arabic: native · **English:** professional working proficiency

WHAT I BRING TO A TEAM

- **Lead by example:** hands-on code, honest reviews and mentoring that grows the team.
- **Full-stack ownership:** .NET APIs and Angular / React UIs designed together.
- **Predictable delivery:** clear scope, steady sprints and releases the business can plan around.
- **Domain depth:** fintech, e-government and e-banking across Jordan, Kuwait and the Gulf.
